- Reduced the risk of poor ventilation and condensation.

Various colours

Various sizes

Product Description

A trickle vent is a small opening in a window that allows for minor ventilation in spaces designed to be naturally ventilated when major elements like windows are closed. The Astro Trickle Vent is a designed flush-fitting 300mm or 430mm Trickle-Vent with vent adjustment for simple condensation control. The Astro Trickle Vents has a discreet low-profile vent that fits all timber sash & casement windows. Low cost installation requiring only three hidden screws (screws not included).

The 300mm length Astro Trickle Vent are available in White or Brown colours and has the following airflow calculation:

- The calculated mean equivalent area at 1 Pa is 1578.3 mm²
- The calculated minimum equivalent area at 1 Pa is 1539.9 mm²
-

The 430mm length Astro Trickle Vent are available in White, Brown or Anthracite Grey colours and has the following airflow calculation:

- The calculated mean equivalent area at 1 Pa is 2414.6 mm²
- The calculated minimum equivalent area at 1 Pa is 2337.1 mm²
